SUMMARY

I am a seasoned Enterprise Content Management (ECM) professional with over 11 years of experience in the industry. Throughout my career, I have gained extensive expertise in platforms such as AEM, Magnolia, and TeamSite LiveSite. Additionally, I possess proficient skills in Java-based Web Technologies, including a deep understanding of Spring, Spring Boot, and integration with Apache Solr & IDOL.

My passion for technology drives me to continually expand my knowledge and implement new technologies effectively. While my background primarily lies in software development, I am equally fascinated by the broader spectrum of technology.
